Truman Bans MacArthur Statement

FORMOSA IS SUBJECT OF BARRED DATA

WASHINGTON, Aug. 28.—(AP)—President Truman has cracked down on Gen. Douglas MacArthur for proposing to make a statement on Formosa which the White House regarded as an improper venture into the field of foreign policy making.

President's Secretary Charles G. Ross disclosed today that MacArthur withdrew the statement he had sent to the Chicago Enquirer in violation of the Foreign Relations Act. In that statement, MacArthur had declared the safety of the United States depends that Formosa remain in friendly hands.

This was, at the least, off tangent from the administration's declared policy that Formosa's future must be settled at the international level.

So Truman, in addition to the crack-down on MacArthur, made public a letter to Warren Austin, the American ambassador in the United Nations, repeating his Formosa policy "to the end that there be no misunderstanding concerning the position of the government of the United States."

The whole incident seemed certain to leave lasting scars in a situation already marked by sharp differences between some high military and diplomatic officials over foreign policy.

There were indications that it would lead, too, to further deterioration of the Republican-Democratic co-operation on foreign policy matters.

Senator Knowland (R-Calif.), who has been critical of Far Eastern policy, got out a statement denouncing the administration's "gagging" of MacArthur. He called this "another in the long series of efforts to keep the truth from the American people."

Republicans took today the text of Gen. Douglas MacArthur's statement on Formosa and sharply criticized President Truman.

See FORMOSA, Page 4

Island's Value Emphasized In Lengthy Cable

CHICAGO, Aug. 28.—(AP)—Gen. MacArthur said in his original statement "We may have peace" by holding a Pacific island defense line—including Formosa—but "lose it and war is inevitable."

MacArthur gave great military importance to Formosa, last major stronghold of Chinese Nationalist forces, in his cabled message to the Veterans of Foreign Wars.

The United States has no armed forces on Formosa, but the U. S. Seventh fleet has been patrolling the Formosa Strait to prevent an often-threatened attack by Chinese Communists.

The commander in chief of the United Nations forces fighting in Korea described a "natural" defense line of islands in the Pacific.

From this line, MacArthur said, "we can dominate with air power every Asiatic port from Vladivostok to Singapore."

He indicated Formosa was a key spot in this defense line and said that British air carrier bases had been used as a springboard for "military aggression directed against areas to the south."

MacArthur said Formosa, if held by the enemy, "could be compared to an unsinkable aircraft carrier and submarine tender ideally located."

The general said he was voicing his views on Formosa "in view of misconception currently being voiced concerning the relationship of Formosa to our strategic potential in the Pacific."

MacArthur said we can dominate Asiatic ports from a chain of islands extending in an arc from the Aleutians to the Marianas.

Two Votes Separate Young, Johnson In Run-Off Totals

Rigorous Tax-Save Program Is Urged

Railroads Now Being Operated By Army Staff

WASHINGTON, Aug. 28.—(AP)—The nation's railroads maintained on-time operations today under the army's direction—but the labor drive which had threatened to halt the trains was still unsettled.

The army took over the rail system at 4 p. m. (EST) Sunday. This was on orders from President Truman, who last Friday ordered the railroad industry seized by the government to avert a nationwide strike.

A half hour after Truman ordered seizure, the two strike-threatening unions called off their walk-out scheduled for today. The labor groups—the Brotherhood of Railroad Trainmen and order of Railroad Conductors—said their 300,000 members will stay on their jobs for the government.

So the actual taking over of the railroads by the army was a rather perfunctory affair. No troops boarded locomotives or manned depots. About 50 uniformed army officers assumed a general sort of supervision under Karl R. Bendisen, assistant army secretary.

The presidents of seven major railroads were put in charge of rail operations in various sections of the nation with the rank of army colonels.

Only the only difference under seizure that the public could notice, was placards telling of army operation were posted in major railroad stations.

OTTAWA, Aug. 28.—(AP)—Transport-crippled Canada remained today in the grip of a rail strike that threatened to last at least another three days, following the week-end collapse of negotiations.

The government made it clear it plans no further steps until it See RAILROADS, Page 5

Pressman Lists Other Commies In Government

WASHINGTON, Aug. 28.—(AP)—Attorney Lee Pressman testified today that John Abt, Nathan Witt and Charles Kramer were fellow Communists with him when they were New Deal employees in the early 30's.

The 44-year-old attorney, former lawyer in federal agencies and later general counsel for the CIO, denied that Alger Hiss was a member of the Communist cell while Pressman was in it.

Pressman gave the names to the House Un-American Activities Committee although he said it was offensive for him to have to do so. He testified he gave up his own Communist connection after 1945.

Pressman, Abt was a lawyer in the Agriculture Adjustment Administration who later held other government jobs and then became active in Henry Wallace's third party campaign in 1948.

Witt also worked for the AAA and later became an official of the National Labor Relations Board. Kramer's position in the Agriculture Department was not brought out.

Pressman was called for a repeat appearance before the Un-American Activities Committee with the hope of filling in "missing links" in the Hiss-Chambers case.

BY STERLING F. GREEN

WASHINGTON, Aug. 28.—(AP)—The Committee for Economic Development today called for a "swift and rigorous tax-and-save program to take the inflationary wallop out of military spending."

The businessmen's planning organization, in a special report, forecast that total defense outlays may zoom to a rate of \$30,000,000 or \$35,000,000,000 annually a year from now.

CEDE said it can be handled on a non-inflationary, pay-as-you-go basis if swift measures are taken, and offered a five-point plan of action.

It called on Congress to pass promptly the stalled mobilization act and President Truman's \$5,000,000,000 tax boost as a "roughly adequate first step"; on the treasury to start a major savings bond drive by Thanksgiving; and on the administration to slash non-military spending.

Price, wage and ration controls are not yet necessary, the CED said, but it proposed that Congress set up a watchdog committee to ferret out and expose "hoarding, speculation, and excessive price or wage raising."

The statement, written by the program committee of CED's research and policy committee, was released today by Marion B. Kodak Co., and chairman of CED, and Myer Kestbaum, president of Hart, Schaffner and Marx, Chicago, and chairman of the program and policy committees.

The immediate need, it said, is to See TAX PLAN, Page 4

11 Communists Ordered To Jail

NEW YORK, Aug. 28.—(AP)—The U. S. Court of Appeals today revoked the bail of the 11 convicted Communist leaders and gave them 30 days to try to stay their jail terms.

The order was in a two-to-one decision by the three-judge court. U. S. Attorney Irving H. Saypol said the ruling in effect gave the Red leaders a 30-day stay of their prison terms.

During the time, he said, the convicted men may apply to the U. S. Supreme Court for a further stay of sentence pending determination of their case before it.

The court of appeals, at the same time, denied a petition by the Red leaders for a rehearing of their appeal.

Doctor-Dentist Draft Approved

WASHINGTON, Aug. 28.—(AP)—The senate armed services committee approved unanimously today legislation allowing a draft of doctors, dentists and medical specialists for military service.

Senator Hunt (D-Wyo.) who is a dentist, was designated to seek senate passage of the measure as soon as possible. A similar measure also is before the house armed services committee.

Quake Continues To Change Face Of Assam Sector

NEW DELHI, India, Aug. 28.—(AP)—The face of Northeast India still was changing today in the wake of the devastating earthquake 13 days ago, termed by scientists the world's fifth most severe recorded shock.

Spreading flood waters pushed further over tea gardens in Assam province, where the quake hit hardest. The death toll was in the neighborhood of 5,000.

Minor shocks continued in the province. Millions prayed in the streets and fields.

An estimated 5,000,000 persons were reported homeless. Property damage was placed at \$20,000,000. Damage to crops, roads, animals and natural resources was expected to push this figure much higher.

The throwing up of the rich subsoil threatened permanent ruin to Assam's tea industry, a major contributor to India's export trade. Swollen streams, their courses changed by the upheavals, also menaced the plantations and villages with waters contaminated with injurious mineral oils and sulphur.

Hundreds of villages along the flooded Dihang and Brahmaputra rivers were under water.

President Signs Expanded Social Security Bill

WASHINGTON, Aug. 28.—(AP)—President Truman today signed a bill bringing 10,000,000 additional persons under old age insurance, calling it "an outstanding achievement."

In a statement, the president declared: "Expanded coverage and increased benefits in old age insurance should now be matched by steps to strengthen our unemployment insurance system."

"At the same time, we urgently need a system of insurance against loss of wages through temporary or permanent disability."

"These and other vital improvements in our social security laws are needed in addition to the act which I have signed today."

"I shall continue urgent action on this unfinished business and I know that the committees of congress are now preparing to give these matters serious consideration."

Truman attacked as "very unfortunate" the so-called "Knowland amendment" sponsored by Senator Knowland (R-Calif.) which the senate added as a rider. He expressed hope congress will "reconsider this ill-advised provision."

This is a provision which administration spokesmen contend would restrict the authority of the Federal Labor Board to withhold unemployment compensation funds from states failing to meet federal standards.

The millions of additional workers will come under the old age benefit program and begin paying payroll taxes next January 1. Persons now retired will start getting bigger checks a few weeks hence, in October.

The new law also more than doubles payroll taxes over the next 20 years, to help pay for the larger Social Security fund. The payroll taxes will increase from \$7,800,000,000 this year to about \$7,800,000,000 in 1970.

Truman Opposes Levy On Profits At Present Time

WASHINGTON, Aug. 28.—(AP)—Senate Democratic Leader Lucas of Illinois said on leaving the White House today that President Truman does not want an excess profits tax on corporations "at this time."

Lucas said reporters: "This does not mean that the president is not very, very strongly for this tax to take the profits of war. But he wants action later after thorough study."

Lucas said to president does not believe the excess profits amendment offered by Senators O'Mahoney (D-Wyo.) and McNamara (D-Texas) "can be administered and he doesn't want to go into it until we know all the answers."

It is the president's position, Lucas said, to keep the present tax bill "as simple as possible so that it can be hurried through congress."

At the same time an administration source said a nose count the vote-expected within a few days—would "be very close." He asked not to be named.

Air Force Denies Red China Charges That Manchurian Villages Were Hit

TOKYO, Aug. 28.—(AP)—The Chinese Communists charged today that American planes attacked three Manchurian villages. The charge was promptly and strongly denied by a Far East Air Force spokesman.

Chou En-Lai, Red China's foreign minister, was reported by the Peking radio as messaging Secretary of State Acheson a protest and appealing to the United Nations for "action" against the United States.

The broadcast heard here said three Manchurian villages near the Korean border were strafed Sunday and that a reconnaissance mission was flown over a fourth town.

The air force spokesman said flatly: "No air force aircraft have been over Manchuria."

He added that all American crews are briefed carefully to avoid any flights over that territory from which the Korean peninsula juts into the sea of Japan.

Nearly 8,000 Votes Cast In Second Round

By PAUL MOORE
Daily Sun Staff.
Who will be justice of the peace, Precinct 1, Place 1?

Frank R. Young received 1,943 votes and W. H. (Pop) Johnson, incumbent, polled 1,941, only two difference, according to complete unofficial returns tabulated by this newspaper Saturday night in the second Democratic primary election.

The official canvass and tabulation will be made Tuesday morning by the Navarro county Democratic executive committee. Johnson was ahead in the unofficial tabulation the first primary election, but a tie was declared at the official tabulation by the executive committee, when a couple of errors were discovered in the unofficial total.

Other results showed Rufus Favehouse nominated as sheriff; Ten Jones as county treasurer; Jack Magarity, commissioner, Precinct 1; Fred Copeland, Precinct 3; Sammie Saunders, commissioner, Precinct 4; A. L. (High) Norton, constable, Precinct 1, and O. W. Owens, constable, Precinct 4.

There were 7,333 votes cast in the sheriff's race, about 1,200 under the July primary election figure. A few hundred interested people remained in front of the Sun office to get the returns announced over the loud speaker.

The results were posted on the front of the newspaper building. Radio Station KAND, Corsicana, broadcast the county and precinct returns.

See RUN-OFF, Page 3

List Of Critical Materials Set

WASHINGTON, Aug. 28.—(AP)—The General Services Administration set up a list of 11 critical materials today and ordered government agencies to conserve them.

The list includes such items as purchases of motor vehicles, typewriters, steel filing cabinets and other equipment using critical materials.

Larson, administrator of General Services, also ordered civilian agencies to reduce their present stocks of such items progressively so that by next June 30 they shall be limited to a three-month, six-month and 12-month supply level, depending on types of items and time required for their replacement.

Larson's order lists the following as "critical materials at this time":

"Aluminum, cement, copper, lead, leather, lumber, paper, rubber (synthetic), natural (rubber combination), steel, wool and zinc."

Corsicana Soldier Missing In Action

Notification of Corsicana's first negro soldier to be missing in action in the Korean war was received by his parents, Willie and Viola, 811 East Nineteenth avenue, Sunday. Another soldier from this area, Pfc. Wayne Sparks, son of Mrs. Maybelle Sparks, Cayuga, was reported as missing in action in the Korean war.

A telegram from the adjutant general's office to the Jones family said their son, Pfc. Willie Junior Jones, was missing in action in Korea since July 22. He was a member of the 24th regiment of the 25th division.

Nationalists Say 270,000 Reds On Manchuria Border

TAIPEI, Formosa, Aug. 28.—(AP)—Nationalist China's defense ministry said today it had been "definitely established" that 270,000 Chinese Communist troops are concentrated along the Manchuria border "and in the territory of North Korea" ready to help the Korean Reds.

The Chinese Nationalist ministry in an official statement reported that these troops consisted of eight armies, two cavalry divisions and one artillery division.

It added that three Russian-equipped armies, Gen. Lin Piao, were "known to have crossed the Yalu river last month."

"The Yalu is the boundary between North Korea and Manchuria. The Chinese Communist said for the North Koreans, the ministry added, was decided at a Soviet-sponsored military conference in Peking last month."

In this account, the Chinese Reds—on order of the Kremlin—were to supply 200,000 combat troops to aid the Korean Reds and to maintain that figure at all costs.

The troops were to be commanded by the Chinese Communist.

See RED TROOPS, Page 5

White Holding His Lead On McDonald

By The Associated Press
John C. White of Wichita Falls held a comfortable margin in his race for Texas agriculture commissioner, noon tabulation by the Texas Election Bureau showed. The unofficial total gave White a lead of 7,011 votes.

There had been little overnight change, the election bureau reported. White picked up 257 votes, following a trend which began at 9 p. m. Saturday.

Bob Johnson, head of the Election Bureau, said reports today showed there were fewer votes outstanding than was estimated Sunday night. He said, though, there were only about 20,000 votes not counted.

A major portion of these uncounted votes are in Duval, King and Borden counties, the only ones out of Texas' 254 counties which have not reported totals to the bureau.

At noon, White had 345,924 votes compared to 338,913 votes for his veteran opponent, J. E. McDonald, who has held the agricultural post for 20 years.

White, 25-year-old agricultural expert from Wichita Falls, said earlier he had no fears that King and Borden counties would take away his lead.

Duval County Judge George Parr said White was sure to get about 4,000 more votes from his county. The election bureau, an unofficial vote-gathering agency, at noon today had reports from 251 counties, 161 complete. Additional reports had been received this morning from 57 counties, but these See STATE VOTE, Page 5

Flood, Hurricane Figure In Texas Weather Picture

By The Associated Press
A flood at Gainesville and a sudden possible hurricane threat to the Gulf Coast marked a night of unusual weather.

The Gainesville flood—caused by 4.07 inches of overnight rains—made possible families from their homes when a creek flooded.

The hurricane still was far away but the threat was strong enough to cause the New Orleans weather bureau to warn small craft not to venture in the open Gulf from the east Louisiana coast to northwest Florida.

At mid-morning, the hurricane was about 450 miles south of Pensacola, Fla., and moving north-northwest about 10 miles an hour.

However, hurricanes are erratic and this one's eventual point of strike cannot be determined at this time.

The 4.07 inches of rainfall at Gainesville was matched or bettered by several North Texas cities. Soaking rains were reported to the north and west of the Texas border. The rainfall also added fall truck crops in the winter garden district.

Nationalists Say 270,000 Reds On Manchuria Border

TAIPEI, Formosa, Aug. 28.—(AP)—Nationalist China's defense ministry said today it had been "definitely established" that 270,000 Chinese Communist troops are concentrated along the Manchuria border "and in the territory of North Korea" ready to help the Korean Reds.

The Chinese Nationalist ministry in an official statement reported that these troops consisted of eight armies, two cavalry divisions and one artillery division.

It added that three Russian-equipped armies, Gen. Lin Piao, were "known to have crossed the Yalu river last month."

"The Yalu is the boundary between North Korea and Manchuria. The Chinese Communist said for the North Koreans, the ministry added, was decided at a Soviet-sponsored military conference in Peking last month."

In this account, the Chinese Reds—on order of the Kremlin—were to supply 200,000 combat troops to aid the Korean Reds and to maintain that figure at all costs.

The troops were to be commanded by the Chinese Communist.

GIANT-KILLER—John C. White, 25-year-old Wichita Falls farmer, appears to have defeated J. E. McDonald, state commissioner of agriculture for the past 20 years.

Captured Data Confirms Plans For Masan Drive

ON THE MASAN FRONT, Korea, Aug. 28.—(AP)—Allied fighter-bombers today kayoted two more Red Korean tanks on the wreckage-strewn road west of Masan. Sunday they destroyed four tanks, 15 artillery pieces and 28 trucks there.

"The two tanks apparently were all that remained of the troops and armor concentration the North Koreans had built up across the Nam River eight miles northwest of Masan."

A captured enemy soldier's notebook confirmed allied information that the North Koreans were planning an offensive aimed at Masan westward bulwark on the route to Fusan, main American supply base on the Korean peninsula.

The notebook said that the Red Korean Second, Fifth, Seventh and Ninth Divisions had been ordered to march on Masan.

For more than a week American intelligence officers have been anticipating such a drive. American artillery and air strikes apparently upset the enemy timetable.

The front was extremely quiet today with only light skirmishes. American troops threw up more barbed wire entanglements and improved defense positions.

Flying Texans In Korean News

TOKYO, Aug. 28.—(AP)—Flying Texans were in on the kill in several air battles today, Sunday, as MacArthur's headquarters release covering the day's action reveals.

Maj. Van E. Neal of Dallas, in a B-26 light bomber, told of the destruction of a train 14 miles west of Pyongyang. "We dropped eight bombs from one end of the train to another," Major Neal related, "and then we strafed it. Damage was almost total." He said the train had 12 to 15 box cars.

In another attack, a B-26 flown by First Lieut. Kenneth Walser, El Paso hit a small factory, the waterfront and anti-aircraft batteries.

See TEXANS, Page 4

'One-Man Air Force' Of South Korea Is Grounded For Training Duties Now

By STAN SWINTON
MASAN, Korea, Aug. 28.—(AP)—Maj. Dean Hess, the "one man air force" of the South Korean war, has been grounded by official order.

But only until he can take the air again leading South Korean fighters against the Reds.

"And that won't be long," the handsome, 32-year-old airman from Marietta, O., said today.

So far as the infantry is concerned Hess is probably the outstanding air hero of the war. They know him by his radio call sign—"Macintosh One." That's a sign that an F-51 fighter with South Korean forces marking, will flash down to tree top level to blast enemy machineguns and troops.

Hess flew 95 missions in less than two months. Sometimes he made six sorties in a day. Infantry units he has supported have written to his commanders, recommending him for medals.

When the converted fliers are ready for action, the air force said, "Macintosh One" can personally lead them in combat.

SOME GROUND REGAINED BY SOUTH FORCES

Whole Northern Front Is Reported Afame In Battle

By RELMAN MORIN
TOKYO, Aug. 28.—(AP)—The Korean Reds drove back the right wing of the Allied defense line on Korea's East Coast Monday, then lost some of their gains to a South Korean counter-push. But they were maintaining strong pressure on the Pohang sector Monday night.

In a dispatch filed at midnight Monday from Pohang, AP Correspondent Tom Lambert said that after having lost considerable ground, mileage undisclosed, the South Koreans edged back north late Monday in an attempt to lift the sagging defense line.

They had American air, artillery and naval gunfire support.

Lambert said the South Koreans had reached the southern edge of a broad valley leading toward Kigye, 10 miles northwest of Pohang, but the Reds still held Kigye and were reported making an aggressive move after dark Monday.

U. S. pilots said the whole northern front—east and west from the Nakdong river to the east coast—was afire.

The most severe fighting was before Pohang on the Sea of Japan east coast, and 22 miles north of Taegu near the Red-held village of Ulsung.

Red infiltrations were seen behind South Korean lines north of Taegu. The Reds were 2 to 2 miles out of Pohang.

AP Correspondent Hal Boyle at Pohang, 65 miles north of the main Allied port of Pusan, reported a U. S. Cruiser and three destroyers joined land artillery in pounding the advancing Reds. But the North Koreans advanced in the teeth of the fire.

General MacArthur's headquarters, whose announcements generally are behind field reports, said its Korean summary early Tuesday that enemy pressure continued.

See KOREAN, Page 4

Songjin Bombed As Fighters Aid Troops On Ground

By O. H. P. KING
TOKYO, Aug. 28.—(AP)—B-29s in a new strike at North Korea's war industry rained 300 tons of bombs today on Songjin.

The target city is on the Sea of Japan 180 miles north of Pusan. Allied fighter planes soaked the area with incendiary bombs in support of ground troops. Light bombers struck deep in Red territory at Pyongyang, Seoul and Incheon.

Navy carrier planes earlier ranged along North Korea's east coast and sank five Red vessels, left six others sinking and 15 burning.

The Fifth Air Force flew 218 sorties by 3 p. m. (midnight, Sunday, EST) Monday, when half were made by air force, Marine and Australian planes in close support of ground forces.

In a summary of the month ended Saturday, Air Gen. Earle E. Bright said Fifth Air Force Allied planes flew 13,455 sorties. Ninety per cent were made in close support of ground forces, the Fifth Air Force commander said.

CORSICANA, TEX., AUG. 29, 1950

A POINT FOR THE U. N.

It begins to appear that the return of Russia to the United Nations and the behavior of Russian Delegate Jacob A. Malik as president of the Security Council considered together indicate that one significant point favorable to the chances for eventual world peace has sunk in at the Kremlin. The Russian leaders seem to have conceded that the United Nations is an important establishment, and that it would be profitable for Russia to be represented in its meetings.

Russia walked out at the beginning of the year for a specific and stated purpose, to force the seating of a Communist delegation from China in place of the National delegation. Russia came back not in response to any special pleading, and without any indication that its demand with regard to China was to be met. Obviously only an impelling new purpose could bring Russia back under those circumstances. This new purpose, as disclosed by Malik's behavior, was to attempt to forestall the Security Council from any further action in Korea. This is an admission that the Council's actions are important.

It is not debate which has brought Moscow to this admission, but force. The Russian purpose in Korea would be little disturbed by condemnation at Lake Success. But the gathering of military forces from many nations, in support of the Security Council directives for Korea, is a different matter. This has set a precedent for United Nations action in future trouble areas, a precedent which Russia must recognize as dangerous, possibly deadly, to its plans. The way may have been pointed toward the establishment of world peace through the United Nations.

FOR THE FUTURE

Divided into groups which studied problems of child health, more than two thousand specialists in that line met recently in Geneva, Switzerland. Representing sixty countries, the delegates included many medical men from war-devastated countries, who were financed by the UN Children's Emergency Fund.

Among the problems taken up were children's diseases and psychological problems, nursing and hospital procedures, and infant mortality.

The idea of this meeting and other such endeavors is good health for the rising generations. It seems fairly certain that it will be possible to build a more robust citizenry by appropriate public health measures. What would be even more desirable, though the way is less clearly seen, would be a new generation which understood how to avoid war and conflict, and whose desires would turn away from armament production and toward the mechanisms of peace. Perhaps this, too, is a goal to be sought through promotion of child health; we don't seem to get anywhere with adults.

SOCIAL SECURITY CHANGE

The compromise Social Security bill commits us, for better or worse, to a pay-as-you-go system of old age pensions instead of an insurance or annuity system. In other words, those working now will pay for Social Security pensions of those now retired, and when today's workers retire their pensions must be paid by the workers of that day.

This change and the extension of coverage to other groups of workers also have

Edgar A. Guest

The Poet Of The People

DAY'S CLOSE

Done with the hazards of the street,
The fear of failure and the dread
Of all that may our hopes defeat;
At last the children safe in bed,
We make the doors and windows fast
And give the day unto the past.

No more to fear save that alone
Which can't be barred by gate
or wall.
The record of the day is known,
No need to change, no word
recall.

A little while to rest we stay,
This day will soon be yesterday.

Oh, there are days when tears
will fall
But there are many through a year
That unremembered come and go
And end with nothing left to
When gratefully we shut the
door,
Glad to be safe at home once
more.

the effect of committing us more permanently to the Social Security System. It is estimated that ten million persons not previously covered will be brought into the system. They will begin to pay the special tax, and will be entitled to look forward to a monthly check, small but dependable, when their working days are ended. And their employers will be introduced to the joys of a new set of government tax report forms.

It would appear that Social Security will now be very nearly a finished product as far as coverage is concerned. Most of the groups remaining outside the system have older pension systems equal to or better than social Security, or for other reasons have no desire to be included. Is it finished as far as benefit scales and cost are concerned? Only time will tell, but the chances are that it is not. On the basis of the new schedules the worker's and employer's taxes will be almost triple their present monthly amounts by 1970. Yet the new benefits are hardly adequate to present living costs. It is not hard to guess what must happen if the price and wage level continues to rise.

IN TIME OF NEED

Turkish troops have started for Korea to fight for the United Nations. Though they are few, probably not more than two thousand, their arrival should cheer the hard-pressed forces.

Students of ancient history will recall the battle of Marathon, where ten thousand Athenians faced many times their number of Persians. The Athenians to all appearances were alone, other Greek cities being afraid to help. At the last moment, however, they were joined by 1,000 Plataeans. The lift of this unexpected aid may have been the factor which tipped the scale and enabled the Athenians to win the battle that saved the ancient world from conquest by Persia. The Athenians never forgot this timely succor. Throughout the rest of their existence as a separate state, public prayers were offered "for the Athenians and Plataeans."

Our soldiers may well develop something of this feeling toward the Turks, and to the other members of the United Nations who send troops to their side.

CHILDREN AND STREETS

Preventing a child from entering the street at an unpredictable moment is one of the few things which seem to be utterly impossible. In some places ice cream makers selling their product from street trucks have adopted a policy of refusing to sell to children who cross the street alone to reach the truck. An astonishing number of children seem to live on whichever side of the street these trucks happen to be cruising.

A mother may spend countless hours in teaching her child respect for the street, yet it will be many years before she can be really sure that he will stay where he is safe. It will always remain one of the heavy responsibilities of every driver, while moving along a residential street, to keep a watchful eye out for the unexpected youngster.

With more than forty million telephones in our nation it's no wonder there's a busy signal now and then.

Give a fellow enough rope and he'll hang around for hours.

CLASSIC FEMININITY IN STYLES OF DISTINCTION MARK BLACKBURN SHOWING

Classic femininity was expressed in styles of distinction at the Thursday evening fashion show presented to a near capacity audience on the lawn of the Blackburn-Fairbank House.

Miss F. L. Seal, again the commentator for the annual fall occasion, told her listeners that the modes this year will be both elegant and feminine, accented by a slim look or achieving one with pleats, ruffles, tucks and pockets. She said that black is still an important color, providing a rich foil for all the members of the yellow family as well as for other colors. She also stressed the importance of the shades of pink. Materials chosen for special attention were all-important wool-crepe, corduroy, tissue faille and TV crepe.

Her models, who demonstrated the variety of both colors and fabrics selected for seasonal importance, were Misses Carolyn Dublin, Susana Cason, Tula Johnson, Betty Bounds, and Martha Clayton of Hubbard; Misses Will Miller, Roy Connor, G. W. Webb, Theo Montfort, B. D. McCarver, Cullen Wood, Dunn and Edwin Davis of Dawson.

From the foliage wreathed door of the shop itself they descended to a long ramp, dividing the audience on the cool lawn.

Miss Dublin introduced the show as a model for a three-piece ensemble. The ensemble consisted of a black and white dress, a black and white jacket, and a black and white skirt. The dress was a simple, elegant design with a high collar and long sleeves. The jacket was a matching piece with a high collar and long sleeves. The skirt was a simple, elegant design with a high waist and long length.

For her second appearance, Miss Dublin presented to her audience a wool jersey dress in a contrasting shade of black and white. The dress was a simple, elegant design with a high collar and long sleeves. The jacket was a matching piece with a high collar and long sleeves. The skirt was a simple, elegant design with a high waist and long length.

Miss Dublin used a gabardine dress to demonstrate the wide use of fake fur trim. The dress was a simple, elegant design with a high collar and long sleeves. The jacket was a matching piece with a high collar and long sleeves. The skirt was a simple, elegant design with a high waist and long length.

First to appear, Miss Dublin also closed the show. Her "Stop the Show" frock was an evening formal in turquoise tulle and its bouffant skirt was worn over hoops and emphasized by a cascade of drapes from the waistline.

A hound's tooth brown suit was worn by Mrs. Miller on her first appearance before the audience. Tailoring and fabric promised popularity to the suit. It was in straight, long lines. It was shown with a hat in olive-tinted green, imported velvet, a cloche and jeweled to create an air of luxury.

Despite the August heat, Mrs. Miller managed an air of winter elegance in a lustrous, short black tuxedo front. Beautifully designed in handsome broadcloth petal soft to the touch, the coat was carefully tailored to wear over a pair of dark blue slacks.

Beneath the coat fashion Mrs. Miller wore a black dress with jeweled accents that draped sleekly in bodice and in skirt. The dress was a simple, elegant design with a high collar and long sleeves. The jacket was a matching piece with a high collar and long sleeves. The skirt was a simple, elegant design with a high waist and long length.

Miss Miller's dress was repeated on the small, black hat Mrs. Miller chose to wear.

In a bright dark blue wool-crepe dress, Mrs. Miller next appeared. Deep dipped the neckline sparkled with a chaste, elegant, in glowing contrast. Pocket flaps jutted out a slim line.

Her hat accessory was a navy velvet pill box. Especially attractive were the separate worn by Mrs. Miller, who wore a soft black skirt with the new batwing sleeve.

A brown shade, tampe, combined with a detail of velvet material in a dressy frock, worn with a draped blue velvet hat.

Miss Bounds Presented. In another brown tone, higher than the first, Mrs. Bounds wore a suit worn by Miss Bounds. Side gathered molded the jacket to enhance the figure lines. The skirt was a simple, elegant design with a high waist and long length.

Flashed on when the model was introduced by Lill Ann, the suit had hand-finished buttons and buttonholes. Miss Bounds' second appearance was in a gabardine dress in frost beige. Patch pockets were in Paul Bunyan proportions and were framed with stitches all around. Finishing touches were in contrasting band and bow length sleeves. This was worn with a "Mad Hat" version in coral.

There were a check and plain combination, executed in jersey and featherweight wool, with small collar, covered buttons and crests. With the Mae Mar frock, she wore a brown velvet pill box.

One of the most endearing frocks of the show, worn by Miss Bounds, was a velvet princess style in velvet. Her hat, in a color dubbed quail, had rhinestone trim.

Her choice for the dress-up occasion was a black metallic tulle gown with wide gold bands that encircled the bodice in straight lines but dipped gracefully on the skirt, draped skillfully to the back.

Clothes for Mrs. Connor. Jet buttons accented the Lill Ann suit in sheer all-wool gabardine which Mrs. Connor modeled. An unusual tuxedo collar featured the black suit.

An all-wool jersey dress in hostess blue, worn by Mrs. Connor, went dressy with tucks and graceful skirt. The color and fabric provided perfect foil for heavy gold jewelry and brown, closed velvet shoes. She wore a cherry red bonnet with a smart two piece wool dress in grey menswear flannel. The bodice had a ribbing yoke outlined with a featherweight wool skirt had flap-over pockets and maintained a snug line at the waist with a contour belt.

A light green flannel skirt was paired with a featherweight wool checked blouse showing a little bow collar in the solid color. Mrs. Connor's choice in dressy frock was a non-stretch, non-wrinkle TV crepe in mint tone for her dressy crepe frock in

BETROTHAL REVEALED—Mr. and Mrs. Durwood Robinson announce the engagement and approaching marriage of their daughter, Nancy, to Herbert Kenneth Renfrow, son of Mr. and Mrs. R. E. Renfrow. The wedding will take place September 14th at 5:30 P. M. in the chapel of the Educational Building of Westminster Presbyterian Church with Dr. M. H. Arnold as officiant. Mrs. W. P. McCammon will serve as bride's only attendant and Bobby McNeil will serve as best man. Barbara Hable and Ann Sneed will light the candles, and the ushers will be David Gribble of Tyler and John Garner, Jr. The bride was graduated from Corsicana High School and the bridegroom was graduated from Corsicana High School and Navarro Junior College. They both plan to enter North Texas State College this fall.

brown, presented on her final turn before the Pettie and Pettie.

Pettie and Pettie fashions were the choice of Mrs. Edwin Davis, who introduced a menswear all-wool suit with double row of buttons, unusual pocket treatment and striped side of a brown jacket. A rich chocolate blouse topped a brown and white checked skirt in a jersey and wool combination shown by Mrs. Montfort. Slim lines in the skirt and blouse, pleating in the skirt and blouse, green insets of the checked wool trimmed the blouse. A perfect accessory color was the olive-tinted green of the hat.

Later she appeared in a two-piece jersey velvet dress, using a black and grey theme, the dress in all-occasion ensemble. Her hat choice was a black and white striped hat. A picture in color was her crepe faille dress in raspberry red with velvet insets on the contour belt. Pleating in the skirt and blouse, the garment a dress for important moments. Her grey hat had rhinestone trim.

Miss Tula Johnson presented a number of memorable fashions, appearing first in a Town-Johnny all-wool dress with cross-dyed skirt and a black and white yoke and skirt. The dress was a simple, elegant design with a high collar and long sleeves. The jacket was a matching piece with a high collar and long sleeves. The skirt was a simple, elegant design with a high waist and long length.

Something pleasant for winter was to be seen in her coat, a designer's touch in Julliard's new soft Lambkin. The coat was a simple, elegant design with a high collar and long sleeves. The jacket was a matching piece with a high collar and long sleeves. The skirt was a simple, elegant design with a high waist and long length.

Jersey's versatility was demonstrated in a dress by Versa-crepe. The dress was a simple, elegant design with a high collar and long sleeves. The jacket was a matching piece with a high collar and long sleeves. The skirt was a simple, elegant design with a high waist and long length.

Side-to-back pockets were used on a red corduroy suit. Her blouse was gold of primary importance, she chose an Indian red taffeta with velvet dot trim. The string-strap dance dress had a skirt with puffed flare and a brief velvet bolero with elbow-length sleeves. This was worn with a velvet and pearl necklace.

45 Prize Beef Calves Exhibited At First FFA-4-H Show At Fairgrounds

Forty-five prize beef calves were exhibited at the Fairgrounds Saturday as the first annual FFA-4-H steer show was staged before some 100 persons.

It was a fine show, for all but one young Mildred couple. Because tragedy struck only a few minutes before they were to enter the large exhibition barn with the calves, any of the stock as common. All 45 calves were placed in their respective grades for inspection.

County Agent C. T. Parker of FFA chapters from Kerens, Mildred, Blooming Grove and Corsicana were represented. The 4-H club representatives were from Powell, Mildred, Richland, Purdon, Eureka, Roane, Emmett, Emhouse, Kerens and Barry.

Corsicana Fair To Sponsor State Jersey Exhibit

A tremendous addition to the 14th annual Corsicana Livestock and Agricultural Show was announced Saturday when the Corsicana Chamber of Commerce stated it was underwriting the Texas Jersey Cattle Club Show which will close in conjunction with the Corsicana Fair.

Frank Tooke, Tyler, president of the Jersey Club, said he'd be in Corsicana Wednesday to work out details.

The chamber voted to underwrite the Jersey show at a cost not to exceed \$2,000 and the dairy committee of the chamber and the fair were delegated to raise the necessary funds.

The motion to sponsor the previously-cancelled show was made by Claude White, chairman of the chamber's dairy committee, and seconded by John C. Calhoun. Horace Hayes is the chairman of the fair's dairy committee.

It was announced Friday at Sulphur Springs that the Jersey Show scheduled for that city Sept. 12, had been canceled because of the anthrax quarantine imposed this week on the northern area of Hopkins county.

The decision was made in Austin at a meeting of the directors of the state Jersey organization. The show was canceled because of the anthrax quarantine imposed this week on the northern area of Hopkins county. Two other counties, Titus and Franklin, also had areas quarantined this week by the Texas Livestock Sanitary Commission.

Sulphur Springs officials were taken by surprise the action. The show grounds in the city are not in the quarantined area. It was announced earlier by Tooke that the show would be held in Sulphur Springs as planned.

Eyron Williams, general manager of the show, said Friday the official show and sale catalogue had been completed and was ready for the press when the cancellation order came.

In observance of the 10th anniversary of the Women's Society of Christian Service, the Powell WSCS recently was hostess group to 11 members of the Kerens WSCS.

Mrs. Charles Kent was in charge of the program, and Mrs. Sol Ross led the opening prayer. Those taking part were Meses, Wilton Kent, W. A. Ainsworth, Harvel Ward, Oscar Burdett, Mollie Kent, Forest Statham, Luer Wright, Ross, and Miss Eva Bars. The closing prayer was given by Mrs. Baltzger of Kerens.

During the social hour the decorated birthday cake holding 10 small changes and a larger one "to grow on" was the center of attraction. The two groups participated in the lighting of the candles.

Food and cake were served as refreshments. Anita Ainsworth furnished special music for the afternoon. Each expressed appreciation for the gesture of encouragement to the WSCS.

Mrs. B. W. George has returned from Denton where she spent the summer as a student at North Texas State College.

The youngster didn't attend the show. Judging was different from the usual stock shows. Ribbons were handed out on the basis of showmanship, and the calves were graded—choice, good and medium. Judging the grades was Leonard Adair, head buyer for Swift and Co., of Dallas. He didn't classify any of the stock as common. All 45 calves were placed in their respective grades for inspection.

Club News

The Bazette Home Demonstration Club met August 23 in the community center with seven members and one visitor present.

Mrs. Watts was in charge of the meeting, and plans were made to entertain Spring Hill's home demonstration club in the home of Mrs. W. C. Wasson on August 29 at 2:30 p. m.

Mrs. Westbrook gave a parliamentary drill.

The next meeting will be on Sept. 13 in the community center.

Calhoun Won't Serve Again As Demo Chairman

John C. Calhoun, state Democratic executive, chairman of the political party at the state convention in Mineral Wells, Sept. 12, and today stated he cannot serve as a delegate to the convention. He also announced the arrangements committee for the convention.

"I have told Governor Shivers and members of the nominating committee that I cannot serve another term as state chairman. I believe that party honors should be passed around to deserving Democrats. Two years is enough for a man to serve," Calhoun stated.

Calhoun was named chairman at the Fort Worth convention two years ago.

The arrangements committee as announced today is headed by J. A. Call, chairman, and Mrs. Eva Ruth Sewell, secretary. Other members are Mrs. J. W. Walker, chairman; Mrs. E. A. McDaniel, secretary; Mrs. H. H. Stoud, treasurer; Mrs. H. H. Stoud, Hamilton, and Hon. Ed B. Levee, Jr., Texarkana.

Navarro County Christian Rural Overseas Program

A Navarro County Christian Rural Overseas program was organized at a meeting held at the county fairgrounds Friday.

Rev. Jack Goff, pastor of the North Side Baptist church, was named chairman. Other officers included Ralph Evans, secretary; treasurer, and J. W. Caraway, publicity chairman.

The officers will name a county commodity chairman, and Rev. Goff will be chairman of the First Christian church, was named chairman of a committee to map out territory for the sponsors committee from which to select members for the county program.

A county-wide meeting to plan the program for the collection of commodities for overseas relief has been set for Sept. 14 at 8 p. m. at a place to be selected later.

Miss Lane Earns Masters Degree

Miss Mildred C. Lane, daughter of Mr. and Mrs. E. J. Lane, 410 S. 1st St., Denton, Texas, graduated the master of arts degree in elementary education at the summer commencement exercises of Colorado State College of Education, Greeley, Colo., Aug. 17.

Miss Lane, a teacher in the Trinity Heights school in Dallas, holds a B. S. degree from TSCW, Denton, and formerly taught in the 2nd, 3rd and Corsicana schools before going to Dallas.

Farm Talk—

Expansion Of FFA, 4-H Activities Noted At Beef Calf Show Saturday

By Clyde Johnson Daily Sun Staff

Navarro county's first annual FFA-4-H beef calf show Saturday wasn't just another "steer parade." Four things stood out: 1. An amazing expansion of FFA-4-H activities. 2. Production of top-grade livestock—and lots of it. 3. Excellent training and experience for the future farmer. 4. A slowly growing public interest.

The show these youngsters put on at the Fairgrounds through joint co-operation was far superior to the "steer parades" of the past—when a mere handful of persons attended. In 1948, for example, there were only 11 4-H beef calves in the county. Now there are 33. Exhibited at the show Saturday were 45 steers, belonging to both FFA boys and 4-H youths.

More and more breeders, buyers and cattlemen are beginning to take note of the rural youngsters' work. "This is the foundation for bigger things to come," said J. N. Edens, president of the fair association, as he toured the show area Saturday morning.

FFA expansion has come as a result of Gilmer-Aikin educational legislation. Corsicana, Emhouse

and Frost schools added vocational agricultural departments. "We look like we're going to have the largest and best bunch of 4-H steers ever," said Curtis Henderson, assistant county agent, commenting on proposed fair exhibits. Showmanship and grading were stressed at the youngsters' calf show, which attracted 100 spectators.

The buyer purchases according to grade—and the boys and girls learned how to spot the high-priced meat. Pointers were given the showmanship to help them compete better for prize money at the fair. Leading the group in showmanship was teen-ager John Whitten, an FFA lad from Mildred. He got the blue ribbon.

John Myers, 20, a Mildred 4-H boy, won second. Glendon Thomas, 17, of the Eu-reka 4-H club, placed third in showmanship.

The county fair next month will have something new—a Jersey show. Fair officials have announced that the Texas Jersey Show annual livestock show next month. Exhibits from a wide area over East Texas are expected and some local entries are anticipated.

FFA expansion has come as a result of Gilmer-Aikin educational legislation. Corsicana, Emhouse

KOREAN

CONTINUED FROM FIRST PAGE in the Pohang-Kigye sector with no significant changes.

The Reds won Pohang earlier this month in a surprise attack. They lost it a few days later to counter-attacking Allied troops. The United Nations troops drove them nine miles north from whence they sprang back to the offensive that had carried them to the gates of the No. 2 east coast port in South Korea.

Correspondent Boyle reported U. S. infantry, powerfully supported by armor, moved into position to backstop the South Koreans trying to hold Pohang.

U. S. Fifth Air Force pilot observers reported heavy fighting from Waegwan, 12 miles north of Taegu, all the way to the east coast—45 airline miles. The pilots said the Red drive was going strong. The South Koreans fought stubbornly. But they were forced back by superior numbers.

The Reds had thrown into the battle 40,000 of the 64,000 troops they have pressing against the front which is anchored on the south coast west of Masan port, 27 airline miles west of Pusan.

Before the late Monday air and field reports were received the 8th Army in Korea and General MacArthur's headquarters in Tokyo had reported the Red drive contained.

At the Pohang airstrip, six miles below the No. 2 South Korean east coast port, Correspondent Boyle said American officers were optimistic about the possibility of stopping the Communist assault.

Boyle's report tallied with Air Force information that one of the roads south of Kigye, mountain town nine miles northwest of Pohang, had been brought under mortar fire. Kigye has changed hands several times in the fighting.

The AP correspondent said it appeared from the air that Communist shells were reaching toward the Pohan-Angang route, an east-west artery.

The route was still being used Monday night by the allies to feed supplies into Taegu, 45 miles to the west.

In a message directed to the South Koreans, Lt. Gen. Walton H. Walker, U. S. Eighth Army commander in Korea, urged them

to hold, and added: "It is my belief the over-extended enemy is making his last gasp."

Correspondent Boyle said American troops were still in the strip, six miles below the port city, felt the U. S. airfield could be held.

General Walker made his statement after expressing a more earlier optimistic comment from lines troops and officers. The U. S. 8th Army in a communiqué late Monday said the Communist advance to within four miles of Pohang. A general staff officer at headquarters in Tokyo said the Reds were within two miles of the city on the north.

General MacArthur's late Monday communiqué said the other Red thrust was contained 22 miles north of Taegu near the town of Uihung. Uihung, above Taegu, was occupied Sunday by the Reds when South Korean forces retreated.

Heavy fighting centered late Monday north of Taegu, main Communist hub of the Allied Korean central front.

Four other North Korean attacks splintered and fell back in the center and left of the perimeter where American artillery blasted them out of position. Without discounting the importance of the North Korean smash toward Taegu and at Uihung, an intelligence officer at General MacArthur's headquarters said the next big drive is not yet under way. He expressed belief that one Red division, the Second, holds the key to it.

The Second, one of the elite Red shock units, is refitting somewhere around Kumiho, north of Taegu, he said. Red divisions, constituting the main mass, still were in position between Waegwan and Kumiho, northwest of Taegu.

The spokesman said the Red Second division is within a day's march of entering front. When it gets into action the Communist supreme effort to drive on Taegu and Pusan will be going, he said.

The North Koreans applied pressure to all points of the perimeter Sunday night and Monday. But the only dents they made were on the east coast. The Reds assaulted American lines near Haman, in the extreme south, bringing a column of 30 vehicles and artillery pieces to a newly constructed underwater port on the Nam river.

American planes swept down on the column and it was hit simultaneously by an artillery barrage that scattered the Reds. Further north at the Hyonpung bridgehead, 14 miles southwest of Taegu, seven Red tanks were reported operating.

MacArthur's spokesman said patrol activity in that sector had increased but he pointed out that the bridgehead had been on the Allied east bank of the Nakdong river since Aug. 13 and the Reds have not attempted to break out of it.

American big guns smashed up another Red try for a foothold on the east bank of the Nakdong six

miles southwest of Changyong, where the Communists tried desperately to hold a crossing 10 days ago. The artillery caught a Red force trying to throw another Russian-type underwater bridge across the river and dispersed it, killing or wounding half of the force. The heavy guns and Allied warplanes during Monday cut down the Reds and inflicted casualties all along the Allied river barrier. Weekend strikes by Navy carrier planes for up the North Korean east coast netted the biggest kill of the war for such craft.

A Navy operations summary reported pilots found and destroyed 11 new Russian-type Yak fighters planes on the ground at Yonpo. The Yaks were covered with camouflage but were spotted and destroyed in straining runs. Three of the largest single group of fighter aircraft discovered in many weeks in North Korea.

Possibly more significant was the appearance of Soviet tankers and freighters in North Korean east coast ports. The Navy said American pilots sank a submarine—possibly a corvette—off the coast of North Korea. Two other tankers and one corvette.

These vessels indicated the North Koreans were getting help from Communist China. They had no vessels of this type when the war started June 25. The Navy set fire to nine other corvettes and six supply-carrying coastal ships. Twelve power boats were damaged. Two ships in drydock were set afire by 1,000 pound bombs.

This was the largest bag of sea-going ships sighted and attacked since the full weight of allied airpower was brought into action on the North Korean coast. B-29s dropped 400 tons of bombs on an iron and steel plant 20 miles south of Pyongyang, the Red North Korean capital. They also knocked out one or more spans from eight key enemy-held bridges.

FORMOSA

CONTINUED FROM FIRST PAGE for directing that the general withdrawal be taken.

Republican Leader Martin (Mass) told the house it was "unfortunate" that the president sought to "suppress" the statement after MacArthur sent it to the Chicago Encampment of Veterans of Foreign Wars. Martin said Truman's action was "another exhibit of a bankrupt leadership."

"It is to be taken by the American people as another flagrant example of the incredible bungling by the administration over the past five years," he said. "The bungling which delivered Manchuria and most of China to the Communists and which culminated in the Korean conflict."

"It is simply another chapter in a long series of blunders where, by sound military advice was suppressed and political decisions, in keeping with the policy of appeasing the Soviet Union, were super-imposed for political reasons."

Just how MacArthur himself felt about it was not known here but Ross said there was no thought of relieving the general as the occupation commander in Japan. MacArthur also commands the United Nations forces in Korea.

The whole thing developed in this manner: Last week MacArthur sent a long statement to the VFW in which he said "we may have peace" by holding a Pacific Island defense line including Formosa—but lose it and war is inevitable."

He said also that President Truman's June 27 order for the American Seventh Fleet to prevent the Chinese Communists from invading Formosa, the last stronghold of the Chinese Nationalist forces did this: "Swept aside in one great monumental stroke all of the hypocrisy and the sophistry which has confused and deluded so many people distant from the actual scene."

The statement was to be read to the VFW's encampment at today's session. But Sunday, MacArthur sent the

Fair Parade To Include Clown, Novelty Division

A section of this year's fair parade, which promises to add a great deal of entertainment, is the clown and novelty division. Sam B. Werner, chairman of this part of the parade, today said an invitation is being extended to anyone desiring to compete in the clown section.

Prizes of \$10, \$5 and \$3 will be awarded the most original and best clown entry. Judging, he said, will take place before the parade starts.

All materials and costumes are to be furnished by entrants and may be made or rented. Werner said his committee was attempting to contact prospective entrants and added that he can be reached at the island railroad station. Application blanks may be obtained from Werner or at the Chamber of Commerce office.

Sept. 18 has been set as the deadline for accepting entrants, Werner said.

"We hope a large number of persons will take part in making this one of the outstanding sections of the parade," Werner said.

The fair's parade is scheduled for 10:30 a. m. Tuesday, Sept. 26. All units are to be in position one-half hour earlier.

AIR WAR

Continued from first page

Korea's navy coasted. Navy corvettes and six coastal supply craft were burned, six corvettes were left sinking.

Vessels reported sunk were a large submarine, the first reported in Korean waters, a cargo tanker, a corvette and two large tankers.

Carrier planes also destroyed 11 "new" new York City found on the ground at Yonpo.

The carrier sweeps ranged in North Korea from the coastal city of Wonsan to Changan, 210 miles north of Wonsan.

While land-based fighters vented their fury on Red troops and supply vehicles, B-29s dumped 240 tons of bombs on the iron and steel plant at Kyompo, 20 miles southwest of Pyongyang, North Korean capital.

Other B-29s blasted rail yards and a warehouse at Ponghng.

Fifth Air Force fighters and light bombers flew more than 200 sorties, about half in close support of ground forces. F-80 jets and Mustangs, joined by Australian and U. S. Marine fighters "took a heavy toll of Communist material," a summary reported.

Fighter damage claims—reported as conservative—included 11 tanks, 67 trucks and other vehicles, 21 locomotives, 308 railroad cars, six bridges, two ammunition dumps, 33 buildings housing troops, four boats and a railroad tunnel.

B-26 light bombers struck at railroad yards and bridges in the Chochow area.

The navy said Lt. (jg) Nat Curry of Lexington, Mo., bailed out of his Corsair fighter when it was hit by anti-aircraft fire near Singing, the Chinese coast.

A destroyer raced 60 miles to his rescue while fighters circled overhead.

Mr. and Mrs. T. E. Drummond and daughter, Gail, of Waco Sunday, with Mrs. Drummond's mother and sister, Mrs. J. N. Royall and Miss Bess Royall.

STATE VOTE

Continued from first page

The election bureau planned another tabulation this afternoon. It did not tabulate results today of other races, since decisions seemed to have been made in the contests in the second Democratic primary.

The bureau figured White, from Wichita Falls, would win with a final lead of about 15,000 votes. County Judge George Tarr said White was certain to get about 4,000 of those additional votes from Duval county.

Duval, Borden and King counties had reported no votes from Saturday's Democratic run-off primary. White told the Associated Press that friends of his had talked to Borden and King county election officials and had been assured he was well in the lead.

Par, in San Diego told the Associated Press by telephone Sunday:

"Everybody here voted for White. Oh, McDonald got a few votes, I guess, but the Duval county returns hadn't been reported because the election judge at San Diego was out of the county."

"But he'll be back tomorrow. I'll be in San Diego, and I'll be in I suppose. White has a preponderance of them, McDonald a few."

McDonald said at Austin that he was making any statements until all the votes were counted.

Definitely chosen in Saturday's election were Ben Ramsey, former state legislator and secretary of state from San Antonio; and Ken Ragan of Midland for another term, and Walter Rogers of Pampa for the Panhandle's congressmen.

Three judges were elected—District Judge W. A. Morrison of Cameron to the Court of Criminal Appeals; District Attorney Will Wilson of Dallas to the Supreme Court, place 1; and Meade Griffin of Dallas to the Supreme Court, place 2.

In the agriculture commissioner race, the election bureau estimated 210,000 votes were cast, with 100,000 votes in the counties including the three not heard from—Duval, Borden and King.

Based upon voting in the July primary and the trend established in the election, the bureau estimated the total votes cast for agriculture commissioner was about 715,000.

The election bureau's Sunday count, including returns from the counties at 2 p. m., with 150 complete showed these other totals:

Ramsey 443,972, Pierce Brooks of Dallas 272,392.

22,272 Judge Paul Moss of Odessa 15,384.

Rogers 22,224, Mrs. Altavene Clark of Amarillo 18,765.

Morrison 386,800, R. L. Lattin of Dallas 274,223.

Wilson 386,808, Fagan Dickson of Austin 288,541.

Griffin 435,152, George Harwood of Dallas 227,020.

Brooks, Moss and Mrs. Clark counted 22,272, 15,384 and 18,765, respectively.

Houston residents approved a \$24,000,000 San Jacinto river water reservoir project by a 22,486 to 5,300 vote in a special election. The city council is expected to vote Wednesday to pass an emergency ordinance raising current water rates about 50 per cent. The revenue bonds approved in the election will be backed by payments consumers make to the city water department.

RED TROOPS

by Lin Piao, commander in chief of the Chinese Communist Fourth Field Army.

The Nationalist ministry made these assertions:

(1) As early as March, 1948, some war veterans of the "Korean Corps" under Pin Piao were sent to North Korea after receiving Communist political training and seeing Lin Piao on Manchurian fighting fronts.

The ministry added that the "Korean Corps" totaled 145,000 officers and men.

February this year, another 50,000 men from the Corps were sent to North Korea.

Tactics used by the North Koreans, the ministry went on, clearly demonstrate the effect of Chinese Communist training. Their mobile infiltration and flanking movements were tactics used by the Chinese Reds on the mainland against the Nationalists.

Emhouse Downs Gatesville To Take Second Consecutive Cen-Tex Title

The Emhouse semipro baseball team repeated Sunday as the champion in the Central Texas Semipro Tournament at Waco by beating Gatesville, 2 to 1.

Emhouse won the hard way by going through the losers bracket, winning a game Saturday night and then taking the finals Sunday afternoon. The Navarro county team defeated West American Legion, 4-1 Saturday night.

For the finals game against Gatesville, R. M. Drain pitched 3-hit ball and his mates played heads-up by taking advantage of an error to score the winning tally. Drain dueling with Gatesville's Forrest Fortier, and neither team got a hit in the first five innings.

Lynn Britton's single in the seventh scored Walker for the first score of the game, and Gatesville pushed one over in its half of the eighth. Hendrix double in the eighth and a wild throw by the Navarro outfielder in the winning tally.

Emhouse collected the huge tournament trophy and \$666 in cash. Four members of the Emhouse team were named on the all-tournament team. They were R. M. Drain, pitcher; Bobby Vaughn, catcher; Bob Walker, shortstop; and J. B. Hendrix, right field.

The Emhouse crew, managed by Chad Sneed, won the regular season play in the Navarro-Limestone semipro league play this summer, but did not participate in the play-off. In the Waco tourney, Emhouse won its first game against Downsville, 5-0, and then beat Gatesville, 2-1, to go into the losers bracket.

The Box Score

Gatesville	AB	H	R	E

J. P. Tarrer Dies Of Heart Attack Sunday Afternoon

John Parker Tarrer, 53, died in a South Beaton hotel Sunday afternoon with a heart attack a short time after he was taken ill.

Judge J. W. Sheppard, justice of the peace, returned a coroner's verdict of death from natural causes following an investigation. A physician also ascribed death from a heart ailment.

Funeral services will be held from the McCammon Funeral Chapel Tuesday at 2 p. m. with burial in the Chaffinch cemetery. The rites are to be conducted by the Rev. W. Cecil Taylor, pastor of the Eleventh Avenue Methodist church.

Surviving are his wife, Ray Tarrer, Beaumont; a sister, Mrs. R. P. Jordan, Corsicana; and other relatives.

EXPORTS

business with Russia for 20 years "but under the present circumstances, we have to ask ourselves whether we are doing the right thing."

That question I have been putting to the government for over two years, x x x but I could get nowhere with the government.

Most British morning newspapers supported Churchill's protest against Russian-bound shipments. The Liberal Manchester Guardian said "more information is clearly needed" and the widely circulated and independent Mirror, the Labor party's Daily Herald and the Communist Daily Worker all made no mention of that phase of Churchill's speech.

WASHINGTON, Aug. 28.—(AP)—The United States is likely to tighten up the system of trade controls by which strategic materials are supposed to be kept from Russia.

Some commerce department officials concede in talks with newsmen that important war potential goods have been leaking out to the communist countries through loopholes in the current problem of co-operation by other governments since most of them are in Western Europe.

Some trade experts on economic policy say that what the United States is faced with here is economic warfare with the communist countries. Others contend the question is simpler, being concerned solely with preventing the Russians from getting American or Western European goods which would aid them in a military sense.

The whole matter was reviewed by the president's top policy making agency, the National Security Council, last Thursday. Reliable sources here cannot be named say the government then decided that steps must be taken to prevent the loss of important materials now going through to the Soviet Union.

The first important move along this line is expected to be taken by Secretary of State Acheson when he meets with British Foreign Minister Bevin and French Foreign Minister Schuman in New York Sept. 12.

Currin Returns Highway Patrol

JACKSONVILLE, Aug. 28.—Byron O. Currin, Corsicana, former highway patrolman and for Mr. Kerens teacher and coach, will be stationed here with the highway patrol, Sept. 1, succeeding H. E. Ray, resigned.

Ray returns to Bullard high school faculty, a post he left in 1938 to join the patrol.

Currin taught and coached at Kerens last year. He is here working with Patrolman C. C. Guthrie who has been stationed here the past couple of years.

Hudgins Is Given Special Recognition

DENTON, Aug. 28.—(AP)—Paul Hudgins, Jr., Route 3, Corsicana, was given special recognition Friday night when he was graduated with honors in a class of 831 students at North Texas State College.

President W. J. McConnell presented the Bachelor of Arts degree to Hudgins who was graduated from the College of Arts and Sciences with a major in art.

Hudgins is the son of Mr. and Mrs. Paul Hudgins, Temple, and the husband of Mrs. Audrey Sheppard Hudgins of Route 3, Corsicana.

It's A Girl, Definitely; Case Settled

The baby case has been settled. The parents who were of the opinion a son was born to them only to discover that a baby girl had been born. The baby was a girl took the child in question from the P. and S. Hospital Saturday afternoon following tests and other investigations into the puzzling situation.

The attending physician was of the opinion a boy was delivered. The true sex of the child was discovered about noon Wednesday at the hospital, but the discovery of the child being a girl was not reported to the physician or the family and thus the mix-up, according to an announcement Monday.

All tests and evidence point to a mistake on the part of the attending physician and the mix-up was caused by hospital personnel's failure to report the true sex of the child as soon as it was discovered to the physician or family, a hospital spokesman stated.

CARD OF THANKS

We wish to thank our many friends for their kindness, flowers, food and sympathy during the sickness and death of our mother, Mrs. J. C. Hartley.

Complete List Of Grid Contests Offered For Fans

Cleburne's Move Enables All Teams To Add New Foe

BY TALMADGE CANANT

Sun Sports Staff.

District 13-A of the Texas Intercollegiate League, comprising 15 teams, will offer fans the upcoming 1950 grid season, is already living up to its reputation for being one of the toughest circuits in Texas schoolboy football's vaunted ranks.

There is one less team in the 13-A district since the transfer of Cleburne, but the non-conference schedules of the remaining teams, replete with grid football teams that are consistently the toughest ones among the hundreds competing.

Tough Foes.

Included among the non-conference games will be with four 1949 district winners, one state finalist and perhaps a dozen district title contenders, including teams from the Big City loop as well as A-D.

The Corsicana Tigers, defending champions of the district, come up with a schedule even tougher than the one they went through last year. Their opponents include Dallas, Fort Worth, Crozier Tech of Dallas, Paris, Greenville and Grand Prairie.

North Side is always one of the toughest teams in Fort Worth. Crozier Tech is one of the pre-season choices to capture the city crown in Dallas. Paris, always tough, won its district last year and has a team of Greenlee. Greenlee will be much stronger this year than last, according to reports. Grand Prairie lost by a nose to Highland Park for the district title in that loop, and the Vaughtins, Dallas, and North Side are booming in popularity growth, and therefore has a wealth of material from which to choose.

Other non-conference games booked by 13-A members include Austin, last year's state finalist, Paris, Marshall, Highland Park, Sherman, Stephenville, Cleburne, Weatherford, Arlington, Fort Worth, Temple, Brownwood, Mineral Wells, Graham and Carter-Riverside of Fort Worth.

Waco, Temple and Corsicana are named by some observers as the toughest teams in the district. However, there are reports that Waco had field a still better team than it had last year, and that Ennis and Hillsboro are tough, too. Hillsboro has smaller enrollments than the other district members.

With the district reduced to six members, all members of the conference have been able to schedule an extra non-conference game.

Practice at all AA schools gets under way Sept. 1. All the district 13 teams see action on Sept. 15 except Temple, which has its first game of the season set for one week later, Sept. 22.

The Corsicana high coaches will issue uniforms Sept. 1, and Tigers will leave Sept. 3 for a week at the Fickett school grid camp. The Waco high school camp is at Corsicana. The camp was shifted from Camp Wanika to the Fickett site because the former camp was not within the limits of the Corsicana Independent School District.

1950 Schedule.

The composite football schedule for District 13-AA for 1950: (night games unless specified.)

Sept. 1—Paris (Ft. Worth) at Corsicana; Austin at Waco; Hillsboro at Mineral Wells; Bryan at Waxahachie; Arlington at Ennis.

Sept. 22—Crozier Tech (Dallas) at Corsicana; Bryan at Waco; Sherman at Hillsboro; Waxahachie at Stephenville; Ennis at Greenville; Temple at Brownwood.

Sept. 29—Corsicana at Paris; Waco at Waco; Grand Prairie at Waxahachie; Weatherford at Ennis; Baytown at Temple.

Oct. 5—Hillsboro at Carter-Riverside, Fort Worth.

Oct. 6—Corsicana at Greenville; Highland Park at Waco; Waxahachie at Cleburne; Fort Worth Tech at Ennis; Denton at Temple.

Oct. 13—Corsicana open; Sherman at Waco; Cleburne at Hillsboro; Waxahachie open; Ennis at Temple.

Oct. 20—Grand Prairie at Corsicana; Waco open; Hillsboro open; Waxahachie open; Ennis at Bonham; Kerens teacher and coach, will be stationed here with the highway patrol, Sept. 1, succeeding H. E. Ray, resigned.

Oct. 27—Waco at Corsicana; Hillsboro at Temple; Waxahachie at Ennis.

Nov. 3—Corsicana at Waxahachie; Ennis at Hillsboro; Temple at Ennis.

Nov. 10—Hillsboro at Corsicana; Ennis at Waco; Temple at Waxahachie.

Nov. 17—Corsicana at Temple; Waco at Waxahachie; Hillsboro at Ennis.

Nov. 23—Ennis at Corsicana (2:30 p. m.).

Nov. 24—Temple at Waco, Waxahachie at Hillsboro.

Jackson, school (Colored): Earl LeRoy Campbell, Miss Roxie Cooksey, Walter Edgar Day, Isadore Girdy, Mrs. Johnnie D.

BILLIE ANNE CHENEY

BILLIE ANNE CHENEY AND TRENT C. ROOT, JR., WILL BE MARRIED ON SEPT. 16

The approaching marriage of Miss Billie Anne Cheney to Trent C. Root, Jr., was revealed at a tea given at Kinsloe House Saturday afternoon by Mmes. Jack Estes, Rupert Curran and M. I. Harris, Jr., of Dallas, aunts and cousins of the bride, respectively. Miss Cheney is the daughter of Mr. and Mrs. Hood Cheney, and the bridegroom-elect is the son of Mr. and Mrs. Trent C. Root of Dallas.

Guests were received by Mrs. R. C. Cooke, Jr., cousin of the bride-elect, the hostesses, the bride-elect and her mother, and the mother of the bridegroom-to-be. Decorations carried out a color scheme of pink. Laid in a Normandy lace cloth, the refreshment table held an antique crystal chandelier, a large vase of pink roses and coral vine in varying shades of pink. Holding the center of interest was an antique gold mirror, wreathed with pink tulle, and carrying pink lettering that revealed the wedding principals and the wedding date in an effective manner. Giving further accent to the chosen theme were pink satin streamers which cascaded gracefully from a Dresden slipper that held a miniature arrangement of coral vine.

Members of Houseparty Serving pink frosted punch from

Hardee, Mrs. Marie Hudson, Mrs. Ollie C. Jones, Thomas H. Lloyd, Mrs. Margaret Love, Mrs. Zenobia H. Marshall, Mrs. Martha Moody, Miss Johnnie M. Moore, Mrs. Zedie B. Moore, Miss Maggie J. Feb. 30—Kerens at Blooming Grove; State Home at Hubbard; Frost at Dawson; Bynum at Italy. Mar. 7—Blooming Grove at Frost; State Home at Italy; Kerens at Hubbard at Dawson.

MRS. WILLIAM LEE WEIHS

MISS DARRELL MABRY AND WILLIAM LEE WEIHS ARE MARRIED IN KERENS RITES

KERENS, Aug. 28.—(Sp.)—The auditorium of the First Methodist church was the setting for the marriage of Miss Darrell Mabry and William Lee Weihs of Ft. Worth, Saturday evening.

Vows were exchanged before an altar with a fan-shaped arrangement of white gladioli and carnations, flanked by gold candelabra holding white tapers. Rev. Carroll Thompson read the double ring service and Bev Wenson sang, "I Love Thee" and "The Day of Golden Promise", accompanied by Miss Ann Egan, who also played the traditional processional and recessional marches.

Wears Original Model Given in marriage by her father, the bride wore an original model antique ivory satin gown, designed with fitted bodice and long sleeves which tapered to points over the wrists. The low neck was outlined with an Italian lace bertha trimmed with seed pearls. The full skirt extended over hoops to a circular cathedral-length train.

For traveling the bride selected a beige gabardine suit, with beige blouse, brown velvet hat, and alligator shoes and bag. Her corsage was a large orchid.

The bride is the daughter of Mr. and Mrs. D. Mabry of Kerens. She is a graduate of Kerens High School and will resume her studies at NISC, Denton, in September where she is a senior.

Mr. Weihs is the son of the late Mr. and Mrs. Howard F. Weihs of Sherman. He was graduated from the Sherman High School and also attended NISC. He served three years in the Air Corps in World War II.

The couple will make their home at 328 Grace, Ft. Worth, where Mr. Weihs is connected with Armour's pharmaceutical laboratory.

Walker will have the task of operating the program and assisting the farmer in financial matters. He also will serve the bank as public relations official, Sanders said.

Succeeding Walker as county agent will be Lawrence Franks, who now is in McMullan county in South Texas. Franks is scheduled to report for duty here about September 10, when Walker's resignation becomes effective.

A session of the Commissioners' Court was held Thursday to consider the resignation and Franks' proposed appointment by College Station authorities.

Mildred Faculty Announced Friday Faculty for the Mildred schools, which will open its 1950-51 term on Sept. 3, was announced Friday by G. Sebastian, superintendent.

Jasper H. Lanier is principal. Other teachers are: A. H. Asby, Miss Eloise Johnston, Billy H. Spangle, James H. Davis, Mrs. Emily Gross, Bill G. Perdue, Mrs. M. L. Derden, Miss Mary Patterson, Mrs. J. O. Chaney, Mrs. H. B. Fouty, Mrs. Ernestine Floyd.

Sebastian, Corsicana, historian; Mrs. J. O. Chaney, Navarro, parliamentarian; Mrs. Edd Land, Corsicana, program chairman; Mrs. Leo Brashers, Corsicana, yearbook chairman; Mrs. Lee Bonner, Corsicana, home; Mrs. H. Lanier, Corsicana, membership and attendance; Mrs. V. G. Bailey, Navarro, publicity; Mrs. Merle Sheppard, Corsicana, finance, and Mrs. P. L. Hamilton, Eureka, publications.

Capt. Fletcher At Fort Bliss

Capt. Riley E. Fletcher, 706 West Fourth avenue, is taking a two-week refresher course at Fort Bliss. He returns here Sunday.

Capt. Fletcher is a member of the 389th Anti-aircraft Artillery Automatic Weapons Battalion, a Central Texas Organized Reserve Unit.

Blooming Grove

(Sp.)—Mrs. H. T. Collins, who recently was hospitalized for appendicitis at the P. and S. Hospital in Corsicana, has returned home and is improving slowly.

Mrs. B. H. Kirkland and daughter, Mrs. J. E. H. Lanier, are here spending this week with Mrs. R. B. Grady and Elizabeth.

Mr. and Mrs. W. E. Draper of Queen City and Mr. and Mrs. J. E. H. Lanier, daughter, Nancy Kay, of Corsicana were dinner guests of Mr. and Mrs. W. E. Smith last Sunday.

Mr. and Mrs. Oscar Ingram returned from a recent trip through the Ozark Mountains in Arkansas and Missouri, back through Oklahoma. While in Pineville, Mo., they visited Mrs. Ingram's two nephews, J. L. Jr. and Billie Tom Bell.

Homer Whorton, Jr. and Cletus Putnam left last Sunday morning for Colorado and Wyoming, where they hope to visit the most interesting points.

Mr. and Mrs. Tommie George, Jr., of Corsicana were here Monday evening guests of T. M. George, Sr. who is recovering slightly ill from the past several days.

Mr. and Mrs. Lil Roy Melton and daughter Deloris of Texas City were guests of the Ed Melton family for several days last week.

Mrs. J. Steve Johnson of Graham spent a part of last week with her sister, Mrs. A. A. Fagala. Mr. Fagala, who has been confined to his bed for the past few months, has been able recently to get out on the lawn late in the evenings.

Mrs. Ed Melton and daughter-in-law, Mrs. Edward Melton, spent Tuesday night in Fort Worth with the H. H. Weatherly family.

Mr. and Mrs. S. J. Freeman, living near Cedar Hill, near Dallas, visited the Clyde Tullios home here Sunday.

J. C. Stone and wife of Dallas spent the week-end with Mrs. C. L. Tillman, Sr. They were accompanied home by little Miss Harriett Tillman, daughter of Mr. and Mrs. C. L. Tillman, Jr., of Corsicana, for a week's visit.

Mrs. Nina Johnson, formerly of Frost but now living in Itasca, was a guest through the week end with Mrs. Clyde Tullios.

Mrs. T. J. Mosely of McAllen is spending this week with her sister, Mrs. Oscar Ingram.

C. L. Tillman, wife and daughter Harriett, were here Sunday, guests of Mrs. C. L. Tillman, Sr. Mrs. Ella Barton is visiting her daughter, Mrs. Fay Loooper, in Bartlett, Okla. This week.

Mrs. Mamie, this week, was here last week, guest of her father, Seth Williams.

Mr. and Mrs. C. W. Collins were visiting friends in Elmhurst, Wednesday and attended the Methodist revival which is being conducted by the Rev. Van Morrison, a former pastor of the First Methodist church of Elmhurst.

Mr. and Mrs. Bill Abbott of Waco were here, guests of Mrs. Nettie's parents, the R. W. Georges Wednesday. They report their little niece, Carolyn Carter, who has been in the Children's Hospital in Waco over a month, as improving very satisfactorily.

Mr. and Mrs. D. W. George and daughter, Mary Edith, of Tyler, were guests of the R. W. Georges and R. S. Highs recently.

IN AND OUT OF SERVICE

Pfc. Thomas R. Tallant, 1945 graduate of Corsicana high school, was recently chosen "Airman of the Week" at Rhein Main Air Base, Frankfurt, Germany, for being the most outstanding airman among the contestants for the honor.

Tallant is the son of Mr. and Mrs. J. F. Tallant of 703 South 15th street, Corsicana. Since he enlisted in 1945 he has served in Texas, Kansas, Mississippi, Illinois and the Marshall Islands. He is a hydraulic mechanic with the 61st Maintenance Squadron.

Pfc. Pauline Kenmore, USAF, niece of Miss Annie Kenmore, 1308 Hackberry Avenue, has recently been transferred from Lowry Air Force Base, Denver, Colo. to Offutt Air Force Base, Omaha, Neb.

Pfc. Kenmore's current organization, Headquarters 1911th Airways and Air Communications Service Squadron, is one of the major communications system of the Air Force.

A graduate of Corsicana High School and former employee of the Southwestern Bell Telephone Company, Miss Kenmore enlisted in the Air Force in April 1949. She received her basic military training at Lackland Air Force Base, San Antonio.

Auto Industry Will Honor Olds

LANSING, Mich., Aug. 28.—(AP)—Busy auto plants here will pause Tuesday to honor the late Ransom E. Olds.

For two minutes starting at 2 p. m. assembly lines at Oldsmobile Division of General Motors and the Olds truck factory will stand idle.

Olds—memorialized in the car names "Oldsmobile" and "Reo"—died Saturday at the age of 88. In 1911 he founded the Olds Motor Vehicle Co. as the first of the auto industry.

As the funeral begins for the former "giant" of the auto industry, the plants will cease operations only to zoom back shortly. Olds' funeral was held in 1937, stricken July 30 after his return from his summer home at Charlevoix.

One of the last of the industry's pioneers, Olds built the first practical low-priced car and also originated mass production of automobiles.

Models Announced For Fashion Show
